Indore Centre

About UGC-DAE CSR

The UGC-DAE Consortium for Scientific Research (CSR), an Inter-University Centre established by the University Grants Commission (UGC), provides specialized training and advanced characterization facilities for researchers from different educational institutions of the country and makes some mega facilities of DAE like synchrotron radiation source accessible to them.

About the workshop

UGC DAE CSR is organizing a one day discussion meeting on "Materials Science with Synchrotron Radiation Source" on 22nd Oct, 2021. The aim of this meeting is to bring some of the eminent scientists working in this area, to discuss and share knowledge on the latest developments in this field with young researchers and students. On this occasion, we are also going to felicitate Dr. Deodatta Phase for his immense scientific contribution in this field.

Who can attend

Researchers from all universities, affiliated colleges and other institutes working in the fields of Physical, Chemical, Biological, and Engineering sciences are invited. Interested participants can write a mail to ram@csr.res.in.
